Emergency Contact Protocol

EWUA members may call into the EWUA office's main number to access the emergency call system. The after hours auto-attendant will route you through the system to an emergency pager number. This pager number will direct a page to the on call operations staff. Please be prepared to enter a call back number.

1. CALL (360) 376-2127
2. CHOOSE OPTION FOR EMERGENCY (star 2 1 9)
3. ENTER YOUR CALL-BACK NUMBER

An EWUA operations staff member should respond to your page within 5 minutes. Should you not receive a return call within 5 minutes, you are encouraged to initiate a 2nd page; this page will trigger a response from all operations staff.
